## *Approval of third-party continuing education training hours for renewal of State of California Fire/Life Safety Certification*

California State requires that all training that will be used towards the 32 hours of continuing education for renewal *MUST* be certified by a state or federally approved apprenticeship program. The **WBFAA UATC** is a state and federally **APPROVED APPRENTICESHIP PROGRAM**. The WBFAA provides content, courses and administrative management for Certified Technicians for member companies who are required to complete 32 hours of continuing education every three years to renew their certification. The WBFAA is authorized by the State of California to approve continuing education courses.

## CAFAA COURSES

The WBFAA recognizes CAFAA web-based and/or classroom training courses as eligible to be submitted as Continuing Education Hours (CEH) for renewal of state Fire/Life Safety Certification.
